GET (Graduate Engineer Trainee)

Profile for Graduate Engineer Trainees

Responsibilities:

Graduate Engineer Trainee - We are looking for dynamic & energetic candidates who are eager to learn while assisting various departments like Corporate Sales, Inside Sales, Project Support, Purchase & Procurement & Technical Support.

Candidate will be involved in upcoming projects as well as assisting with current assignments:

- Should have reasonable knowledge of his subjects studied in college.
- Shadowing senior staff members, asking questions, and assisting wherever possible.
- Should be presentable and open to travel.
- Eager to learn and evolve in Corporates.
- Taking notes and sharing your findings with your supervisor
- Working knowledge of MS office.
- Maintaining a high degree of professionalism and diligence.

Qualifications and Skills

- Graduate Engineers - Diploma/BE/B.Tech. (Electrical/Electronics/Computers/Mechanical). Candidates pursuing final year of their engineering program will be eligible for Internship.
- Any related prior experience would be an added advantage.
- Candidates should be from Gurgaon or NCR.
- Candidates must have good communication skills.
